

Harold Colee, Executive Vice President and General Manager of the Florida State Chamber of Commerce points out to Lee Cranford (right) and Bill Lanier of Clewiston (left) a picture of SENATOR Lyndon Johnson and Harold Colee, on the occasion of the Annual Florida Dinner of 1959 in Washington, D. C.

In Mr. Colee's office at the Chamber's half million dollar home, near Jacksonville, they will find more than 100 autographed pictures of National celebrities, including one of Ty Cobb.

Presidents Hoover, Roosevelt, Truman, Eisenhower and Johnson are in a grouping along with Senators Holland and Smathers, and Congressman Paul Rogers.

A study of Florida's business, educational and political trends as well as world-famous figures who have visited Florida over the past three decades would most likely find his or her autographed likeness on these walls.

Cranford, Mr. and Mrs. Lanier, represented the Glades at the Chamber's Convention in Jacksonville.

4-H Gators Will Present Christmas Play December 18

The Belle Glade 4-H Gators met Tuesday, November 24th. The meeting was called to order by the President, Terry Priest. Fourteen members were present. The car wash the club had planned, has been postponed indefinitely, due to the coming of cooler weather.

The club will present a Christmas play, based on the birth of Jesus, on the night of December 18th. All parents and friends will be invited to attend.

Mrs. Sellers, Gators 4-H leader, gave a demonstration on how to make Cocoa-Pink cups. It is a cupcake which needs no frosting.

Miss Nancy Wieringo is reporter for this club.

Chosen Baptists Hosts District Youth Rally Sun.

The First Independent Missionary Baptist Church of Chosen entertained the district youth rally, Thursday night, November 19, having 18 present with seven churches represented and one young lady saved. The young people of Chosen presented a program entitled "How To Study The Inspired Word of God."

The banner for having the most present was won by the Canal Point Missionary Baptist Mission. Pahoche Baptist Mission will entertain the January meeting. The welcome mat is always out at the First Independent Missionary Baptist Church of Chosen.

88th Canal Fatality Sat. Near South Bay

Henry Hodge, 22, of Bean City was killed Saturday, when his car plunged into the canal, two miles north of South Bay. Two other occupants of the car, McArthur Campbell, 16, and Nathan Butler, 19, both of Bean City, escaped injury, and swam to safety from the 25-foot canal. Florida Highway Patrolman Art Larsen, stated that the car topped a knoll, and left the highway on a curve on Canal Road, at approximately 11:00 p. m. near the FCD Pumping Station, No. 2. Trooper Larsen further stated that the two passengers related that Hodge was driving about 100 miles per hour, when the accident happened.

The car and Hodge's body were located at 3:30 a. m. Saturday by a skin diver, Art Collins. This brings total canal fatalities to the number 88 for the current year.

VP Yates Reports 6 2/3% Profits By Audited Statement Of So. Bell

The following statement of Claude J. Yates, Vice President and General Manager, Southern Bell was released November 18, 1964.

Each month, each quarter and each year, Southern Bell reports to the Florida Public Utilities Commission its Florida revenue and its Florida expenses. In addition, an auditor of the Public Utilities Commission visits our office, checks and audits the company's records.

The latest report, September 30, 1964, shows that the cumulative net investment in telephone plant and facilities used and useful in rendering the company's total telephone service in Florida stood at \$615,494,971.57.

A very simple association of this investment total, with the verified revenue and expense figures shown on the same monthly report makes it abundantly clear that the company's earning rate on its total investment in Florida, when calculated in accordance with the standard regulatory practices employed by the Florida Public Utilities Commission and approved by the court, was at the 6 2/3 per cent level on September 30, 1964.

Moreover, a wage rate increase bargained out no later than November 3, 1964 whereby the wage expenses of the company's Florida employees will be so increased that this earning rate will be reduced to about 6 1/2 per cent level. And, this 6 1/2 per cent level becomes still less when only the local exchange

Pixie 4-H Makes Hospital Favors

Patti Roberts, reporter for the Pixie 4-H, announces this week that the Pixies will hold their regular meetings on Tuesday. At the November meeting held at the home of Mrs. C. R. Lee there were 5 members present. At this meeting, the group made Concupies filled with candy for hospital tray favors for Thanksgiving. Also at this meeting, they sewed and worked on record books.

Mandy Lee exhibited Cranberry Muffins, at which the group enjoyed refreshments of candy and punch.

Produce Dealer Denied License By USDA

The U. S. Department of Agriculture reports that Basil M. Todd, doing business as The Todd Company, Pahoche, Fla., has failed to pay a reparation award issued under the Perishable Agricultural Commodities Act.

Chase and Company, Sanford, Fla., USDA's Agricultural Marketing Service said that Todd had failed to pay \$2,306 for produce received in its market, since summer. Todd was advised of the complaint, but did not answer the charges, the Agricultural Marketing Service said. USDA then ordered payment of the full amount claimed due, plus interest, through default proceedings.

Automation In Grass Planting On Big "B" Ranch Where Deer And Bear Are "Shooed Away" By Workmen

Two "lifts" by a fork-lift, three to five minutes allows the planting crew to make a round in a half-mile-long row by the addition of one lift, the second round can be made, planting in rows three feet apart and two feet in the drill.

Thirty-five acres per day may be planted in a normal day's work; 40 acres are planted some days, and when things "go wrong" 30 to 32 acres will be planted.

12 x 24 inch sod strips are fed into the machine by the two men on the platform, where it is cut into 3 x 3 plugs before depositing the piece in the drill opened by the same machine. Covering and packing are also done mechanically by the same machine.

"In preparing 10,000 acres of available at both ends. Main pumping Unit No. 7 at the Broader, and the King Ranch, the northeast corner of the property give almost immediate effect to the 30,000 acres. Pumping installations are planned at the eastern area of the property to care for the Hillsboro water shed part of the farm.

There are no permanent wooden bridges on the property — main bridges are of concrete and contributing canals use metal culverts covered with rock.

"We frequently 'shoo' the deer, and other wildlife into the fringe of unmolested strips. We have been told of year robbing hives of honey on the same tract."

"For the protection of our workmen we are posting the lands, and assure hunters and fishermen we take no pride in being forced to do this."

A roadway on both sides of a main collecting canal reaches from the North New River eastward to the Hillsboro, through the large tract.

A bridge, just a mile and a half south of Serralle's Ranch entrance, leads to the road, across the property and leads into the Hillsboro Canal Road about a mile west of Pumping Unit No. 5.

Culvert controls are at both ends, with a main pumping station at the western entrance from US No. 27. Dams and culverts in the main pumping canal aid division according to water sheds of the two Canals — Hillsboro and North New River.

Collecting and field ditches and canals feed and receive water from the Main Canal of the farm, so that water control, drainage as well as irrigation—

Goodwill Store Opens In Pahokee

Mayor Edmund Padgett of Pahokee will officiate at the opening of Goodwill Industries' new Glades store on Friday, November 27. The store, located at 270 Lake Avenue, will sell clothing that has been recommended by Goodwill's handicapped employees.

Ribbon cutting ceremonies will take place at 1:00 p. m. and will be preceded by a luncheon at Big Lake Area community leaders, and officials of Goodwill Industries. Suncoast.

This will be the sixteenth store operated by the Goodwill organizations in south and central Florida.

Goodwill is a non-profit project providing employment for more than 50,000 handicapped persons across the Nation. In the Suncoast operation, more than 350 such handicapped people are presently working at jobs in the gathering, cleaning, and reconditioning of clothing and other articles for resale. Money received from the sales provides the wages and operating expenses.

Among those attending the luncheon and ribbon cutting will be William Benton, President of the Chamber of Commerce; Marvin Levine, Fire Chief, Guy Wood, Mayor of R. M. Sander, Rotary Club President; Glenn Browner, Lions Club President; Carmen Salvatore, City Commission Chairman; Mrs. E. C. Johnson, President of the Pahokee Woman's Club; Dr. Dick Lane, P. T. A. President; Mrs. Johnnie Verhulst, President of Business and Professional Women's Club, Rev. Mr. William Boland of the Belle Glade Methodist Church.

A local manager and two clerks will be employed to operate the store.

Rev. Mr. Spurgeon Hinds of West Palm Beach, the District Representative of Goodwill, will supervise the operations in Palm Beach and neighboring counties.

Mr. Hinds states that another store will be opened soon in West Palm Beach and that a branch for processing the materials will be established early in 1965. The company is looking to obtain a possible location in Belle Glade. Offices for the organization, which serves the handicapped people in thirty-seven of Florida's counties are located in the St. Petersburg-Tampa area.

The Golf Course will be opened around the 1st of December, according to Roy Kimberly, the Pro, if present plans materialize. Some 1,153 parking meter tickets brought in \$203.80 during October and 7 waited until the 1st became due.

The meters themselves yielded \$499 to the collector. Of the 205 arrests made, conviction was secured on 181; four given to the County and 9 to the Juvenile authorities.

Four of the breaking and entering cases were cleared by arrest; The fingerprint man classified 174 sets of prints, placed them in the permanent file, with the FBI having a set for identification.

Bond and fine money amounted to \$3,782 for the month.

Glades Livestock

The Belle Glade Livestock Market will hold a Bull Sale December 10th. Market Manager Robert D. Cooper, states there will be plenty of good Angus, Hereford, and Charolais Bulls for sale.

Cattle going through the ring at Monday's sale numbered 499 for a total \$43,417.02. 50% of these went for stocker and 50% for slaughter.

For Slaughter: Steers 116; Heifers, none; Cows 115; Bulls 7; Calves 10; Vealers 2.

For Stocker: Steers 77; Heifers 11; Cows 41; Bulls 3; Calves 111.

31% of the run was cows with 26% of these being slaughtered. Prices as compared to last week, were: Slaughter Steers, steady; Slaughter Heifers, absent; Slaughter cows, steady; Slaughter Bulls, scarce; Slaughter Calves, scarce.

A RECORD CROWD enjoyed the Chamber's festivities Tuesday evening as well as socializing with neighbors and friends. Mrs. L. L. Price (seated fourth from right) end was recognized by outgoing president John Gray who paid tribute to her late husband, a devoted Chamber worker and diligent executive secretary for the organization.

Protestants Launch Appeal Nov. 22nd For World's Hungry

The 11th Annual Thanksgiving appeal of Protestant denominations for funds to carry on their joint program of food distribution to the world's needy will be marked Sunday, November 22 in churches throughout America.

Highlighting nationwide services dedicated to the appeal, which seeks \$1,073,850 to finance the SOS (Share Our Sorrow) program for 1965, thru which millions of needy persons overseas will receive life-sustaining foods will be the National Service of Thanksgiving in Washington, D. C., at the New York Avenue Presbyterian Church, 1313 New York Avenue N. W. Sunday, November 22, at 3:30 p. m.

This service is sponsored annually by the Council of Churches of Greater Washington, and Church World Service, the overseas relief and rehabilitation agency of major Protestant communions.

The Reverend Dr. Eugene L. Smith, executive secretary of the World Council of Churches in the U. S., will be the principal speaker at the Washington service. The University of Maryland Chapel Choir will sing.

Since its inception the SOS program has accounted for the distribution of more than two and a half billion pounds of foods made available from America's agricultural abundance by the U. S. Department of Agriculture, distributed in more than 40 areas of acute need with funds contributed in the SOS appeal and similar efforts of the churches, and in community appeals of CROU (Christian Rural Overseas Program) of Church World Service.

Church World Service is a department of the National Council of the Churches of Christ, and cooperates with the Division of Inter-Church Aid, Refugee and World Service of the World Council of Churches in its international programs.

Indian Reservation Pumps Ordered

Bids for designing and building a set of special water pumps to be used in the Central and Southern Florida Flood Control Project, were opened on Dec. 17 by the U. S. Army Corps of Engineers in Jacksonville.

The three special water pumps expected to cost about \$500,000 including diesel engines for driving the pumps, will be installed in Structure 14A, located in Levee 28 of the flood control project. The pumping station where the pumps will be installed is located about 56 miles south of Clewiston on the eastern edge of the Seminole Indian Reservation. Successful bidder on the job will be required to complete the pump installation within about two years. The pumps will become an integral part of the western boundary of Conservation Area 3 of the flood control project.

Mr. J. W. Kelly proposed to the City of Belle Glade Monday night that a cable he will lay in the City will enable the subscribers for a "fee around \$5 to \$5.50 per month" more clearly to see the television programs on some six channels.

In addition, Mr. Kelly, proposed to make available to the City for its use, some additional facilities.

U. Of Fla. Offers Ag Masters Degree Through Extension Education Service

Dr. Shaw E. Grigsby, training specialist, Florida Agricultural Extension Service, has announced that it is now possible to take a master's degree in Agricultural Extension without the prerequisite in technical agriculture.

In the past, this degree has been open only to agricultural graduates. Dr. Grigsby said, Now that Agricultural Extension has been combined with Agricultural Education it is possible for individuals with majors in Education, Home Economics, Physical Education, and Arts and Sciences to take the master's degree in Extension Education.

Extension Education is primarily concerned with how to work with people in groups and organizations and with instructional teaching methods for adults and youth.

Individuals who are interested in majoring in this area will need to fulfill the requirements of the University of Florida and the Graduate School. The master's in Agricultural Extension is a non-thesis degree and it requires 36 hours of graduate courses. Twelve of the 36 hours must be in Agricultural Extension and courses specifically designed for graduate students. The remaining 24 hours can be taken in the areas of the candidate's choice.

The University of Florida was the first institution in the South to offer a master's degree in Agricultural Extension.

Welfare To 7,581 Totals \$224,431

Reverend Paul M. Casen, Chairman of District 10 Welfare Board of the State Department of Public Welfare, reported that in Palm Beach County 7,581 persons were assisted in the four categories of public assistance for the month of October, 1964.

A total of 2,196 persons received Old Age Assistance in the amount of \$106,088. 120 persons received Aid to the Blind, totaling \$6,882. 1,173 families, representing 3,804 children, received Aid to Dependent Children in the amount of \$73,113. 521 persons received Aid to the Disabled in the amount of \$28,748.

In addition 413 children received service during the month, 203 of whom were in foster homes. The total state and local cost for these child welfare services was \$16,482.61.

There were 8 adoption petitions studied for the Circuit Court. These are children placed in homes independent of service through a licensed child placing agency, and the Welfare Board is responsible according to law to make these reports to the court.

Legal Couple Honored At Asbury

Ceremonies honoring Mr. and Mrs. George L. Royal of Belle Glade were held October 12 on the campus of Asbury Theological Seminary, Wilmore, Kentucky.

Royal Auditorium, named in their honor and located on the ground floor of the Cray-McPhetery Mission and Evangelism Building, was dedicated on the occasion of the faculty-board member dinner and came as a complete surprise to the couple.

The auditorium was made possible through contributions from Mr. and Mrs. Charles Royal and Mr. and Mrs. Larry Royal and Mr. and Mrs. Charles Royal.

auditory, will be used for radio-visuals and large banquets.

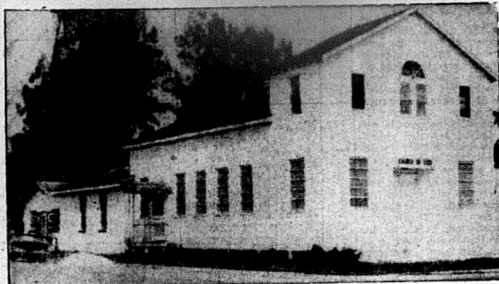

The Royal children were, in turn, caught by complete surprise, because their parents had furnished funds for Royal Court given to the school in honor of Charles and Larry. Royal Courts consists of two tennis courts and a recreation area providing for basketball and volleyball.

The plaques pictured here were projected on a screen following announcement of each gift. They will be placed at the entrances to the auditorium and the recreation area.

Mr. George Royal is a member of the board of trustees and development committee at Asbury Seminary.

Dr. Frank Bateman Stanger, president of the seminary, presided at the occasion.

Homecoming Day Planned For The Church Of God

Sunday, November 29th will be one of the important days of the year for the Belle Glade Church of God. It's Homecoming Day.

There will be 3 services on

Homecoming Day. Sunday Morning service with a message by the Pastor and then a report of the various groups in the Church on their efforts. The initial goal this Sunday is \$1,300.00.

This annual event will center this year around their building program that is now in progress. As this paper goes to press they are just about ready to pour the floor of their new Sunday School Annex. The annex will contain 9 Sunday School rooms. A new kitchen and an air conditioned Fellowship Hall.

An active campaign in Belle Glade has been conducted for the past 3 weeks in the solicitation of funds for the construction of the annex but also for the remodeling of their present church building. Madison W. Sindle the pastor reports that there has been a good response so far from the community but the goal of \$20,000.00 is far from reached. The Church is endeavoring to reach all in this area and if you are not contacted by letter or in person by one of the members of the Church, for a contribution the church would appreciate your help by sending it to the Church of God Building, Fund, 527 S. E. 4th Street, Belle Glade, Fla.

Three Men Elected To Presbyterian Board Of Deacons

Three men were elected to the Board of Deacons of the Everglades Presbyterian Church at a congregational meeting last Sunday. Named to the board were John S. Whitlock, Henry Elfers, and Robert Roadman.

Measures Whitlock, Elfers were elected to three year terms of office beginning January 1, 1965. Roadman was chosen to fill an unexpired term of Joseph McIlwain who was recently elected a Ruling Elder of the congregation.

Jack Whitlock is a lifetime resident of Belle Glade. He is married to the former Joan Korman and they are the parents of two children. Mr. Whitlock is employed by W. D. Roth and Sons. Whitlock is serving as treasurer of the Everglades Church.

Henry Elfers is a resident of South Bay and is the recently elected mayor of that community. He has served on the Planning and Building Committee of the Presbyterian Church and is also one of the church trustees. The Elfers family is made up of Mr. and Mrs. Elfers and two children, Frederick and Clara Anna.

Robert Roadman is also a resident of South Bay and is the owner and operator of the Roadman Furniture Store. He is a charter member of the Everglades Presbyterian Church and has served as a Ruling Elder since the organization of the congregation in 1947. He will retire from the church's Session in December of this year. Mr. Roadman serves as the organist of the church.

In the Presbyterian Church the office of Deacon is charged with the responsibility of administering the charitable program of the local church and having general oversight of the buildings and property of the Church. The Board of Deacons are under the supervision and authority of the Session and the support of elected Ruling Elders.

After a period of instruction in which the history, government, and doctrine of the Presbyterian Church is studied these men will be examined and ordained as Deacons in the Everglades Presbyterian church.

Local Churches

Hold Joint Service On Thanksgiving

The annual Union Thanksgiving Worship Service, sponsored by the cooperation of the churches of Belle Glade Area Ministerial Association, will be held on Thanksgiving Morning at 10:00 o'clock in the Community Methodist Church.

Rev. Ora Smith, pastor of the Church of the Nazarene, will preach the Thanksgiving Sermon. Special music will be presented by the Belle Glade High School Glee Club, under the direction of Mr. Fred Siegel. Miss Karen Vandez will be at the organ console. The pastor of the host church, The Rev. William Boland, will preside over the worship service.

A traditional feature of this Thanksgiving observance is the reading of the Mayflower Compact. The Mayor of Belle Glade, Mr. Lebron Williams, will again read these stirring words from our country's history.

The WSCS of the Methodist Church will serve Coffee, and doughnuts before the service, beginning at 9:30 a.m. All members of the cooperating churches and other interested persons in the community are invited to worship and give thanks to almighty God for his rich blessings upon us, this Thanksgiving Day 1964.

St. Philip's Catholic Church Will Conduct English Mass Sunday

Father Francis X. Fenech, of St. Philip Beniz Catholic Church, accompanied by several laymen from his church, attended a training session for lay leaders at St. Anthony's Church, in Ft. Lauderdale, on Monday. This training is in preparation for the participation of Mass in English.

The English Language Mass will begin in this area with the New Church Year—the first Sunday of Advent, November 29th.

Lay Leaders attending with Father Fenech were: Messrs. J. L. Murphy, Vernon Dexter, J. A. Finan, A. B. Bagnone, C. A. Moeckel, Jorge Iglesias, Hector Ouellette, Eladeo Kock and Rene Hotard.

Jehovah's Witnesses Will Hold Winter Gathering In Kissimmee

"We're going to Kissimmee next month for our 'feast of faithings,'" Mr. Miles P. Crum, local presiding minister of Jehovah's Witnesses told the witness congregation here in Belle Glade at their meeting Sunday evening.

Mr. Crum went on to explain further that he was referring to a three-day religious gathering which witness supervisors Joseph Saia and David Bowman, working out of the witnesses' international headquarters in Brooklyn, New York, had arranged to be held at the Tupperware Home Demonstration Auditorium in Kissimmee, December 11 through 13.

The assembly is sponsored by the Watchtower Bible and Tract Society and will feature a free showing of a two-reel color film entitled, "Proclaiming Everlasting Good News Around the World." The film will be shown Saturday afternoon at the Tupperware Auditorium.

"This film," said Mr. Saia, "was produced by the Watchtower Bible and Tract Society to bring the viewer face-to-face with some of the deep-rooted causes for the serious decline in spirituality that has eaten into the very foundation of our modern society and which accounts for most of the mounting immorality that is causing such concern."

Rev. Roseman Is Counselor Zone 2 Of Walther League

Approximately 160 Leaguers from Lutheran Churches in South Florida, attended Zone 2 Fall Rally, hosted by St. Peter's Lutheran Church, in the Belle Glade High School Cafeteria, on Sunday, November 22nd.

The Rally was opened with a dramatized sermon by the Walther League of St. Peter's, and the singing of hymns. The business meeting was conducted by David Zerb, Zone President, of Ft. Lauderdale. At the meeting, St. Peter's Walther League was presented their charter of membership in the International Walther League. Also, Pastor Roseman was elected pastoral Counselor of Zone 2.

A topic, "The Final Harvest," was given by Pastor Roseman, keeping in line with the Rally theme, "Harvest for Christ." Afterwards, a "Hootenanny" was enjoyed by the Leaguers. A banquet ended the Rally, which was prepared by Mrs. J. A. Binkley, and the staff at the Belle Glade High School Cafeteria, and served by the Ladies Aid of St. Peter's. Closing devotions were conducted by Willie Kirchman. The decorations consisted of a "Horn of Plenty" and a cross on the stage, with banners strung from the ceiling.

Special Service At St. Peter's Lutheran Church

St. Peter's Lutheran Church of Belle Glade, will conduct a special service, this Thanksgiving morning at 10:00 o'clock.

During the season of Advent, St. Peter's will also hold mid-week advent services on Wednesday evenings, at 8:00 o'clock. Advent is a season of mixed emotions. On one hand, it is a time for repentance over our sins, and on the other hand, a time for joyous expectation concerning the coming of the Christ child, the Saviour of the world.

We would like to extend an earnest invitation to all to come and worship the Triune God with us at the special services. During the season of Advent and Christmas, we will drop the mid-week Bible Class in lieu of these special worship services.

COMMUNITY METHODIST CHURCH — Belle Glade, Fla. Rev. W. B. Boland, Pastor, Sunday morning: "Jesus, The Light of the World." Sunday night, 7:30: "God's Promise of Forgiveness."

An Acrostic For Thanksgiving

T — Shall stand for heart-felt thanks we lift to God this day;
H — Shall be the host of gifts that fill our lives always;
A — Shall stand for all we own in spirit, too, we mean;
N — Shall be for nature great in hand of God's hand is seen;
K — Is for the Kingdom blest that waits us up above;
S — Shall be the songs of praise that tell our grateful love.
You are encouraged to count your many blessings and invited to attend the services of the Belle Glade Church of Christ, 123 N. W. Avenue D.

More Than Enough

We are the most prosperous people the world has ever seen! Even the poor among us live in princely comfort compared to some in other lands. Our country is famous for its beauty and fruitfulness, our cities are as modern as tomorrow, and our future glows with promise. God has indeed been good to us.

But with His bounty of wealth and power, God has given us responsibilities. Because we have so much, we are called upon to share what we can spare. And we are required to work and pray for the end of ignorance, poverty and suffering wherever they are found.

To be able to give is a blessed privilege. Let us fill our churches and join in heartfelt thanks to God that we have enough . . . and more than enough . . . to share.

THE CHURCH FOR ALL
ALL FOR THE CHURCH
The Church is the greatest force on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four great reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his family. (3) For the sake of his community and nation. (4) For the sake of the Church itself which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Marchettes Win; Prepare To March In Jr. Orange Bowl Parade In Miami

Twirling, strutting, military marching, and dance twirling was the order of the day as hundreds of young people from all over the state of Florida gathered at the high school gymnasium in Belle Glade recently to participate in the NBTA sanctioned Sugarland Jubilee.

The Marchettes, under the direction of Mrs. Rheta Cunningham, walked away with seven medals and two trophies as rewards for their fine performances.

"The Outlets" juvenile team competing in their very first contest came in second place in their division. Duet winners were Kathy Horton and Cathy Battle, second place medal, and Cynthia Cunningham and Renie Jo Lane, second place medal.

Individual winners in various contests were: Lucinda Goforth, fourth place medal in solo, Celia Battle, second place medal in solo; Pam Edens fourth, place medal in solo; Cathy Battle, third place medal in solo, and fourth place medal in fancy strutting; Renie Jo Lane, second place medal in military strutting; Debbie Lane, fourth place medal in solo; third place in advanced fancy strutting; Caroline Atkinson, 4th place medal in solo; Cynthia Cunningham, second place in solo; Tina Lockhart, second place medal in fancy strutting, and third place medal in two batons; Eleanor Collier, first place trophy in fancy strutting, and second place medal in intermediate solo; and Pat Lane, third place medal in intermediate solo, and first place trophy in advanced fancy strutting.

All the girls are looking forward to their trip to Miami on December 29th, to participate in the Junior Orange Bowl parade. They leave Belle Glade early that day by chartered bus, with the five mile parade forming at 12:30. This is indeed an honor for the Marchettes, having been invited to march by the famed Bill Allen of Miami.

Sigma Eta Sorority Holds Initiation

Mrs. Pauline Boydston was hostess to the November meeting of the Omicron Chapter Sigma Eta Sorority Kappa Kappa Gamma at her home in Belle Glade.

Members arrived at seven for dinner in honor of Mrs. Marie A. King and Mrs. Harold R. Lott, who were to be initiated. The beautiful and traditional initiation service was conducted by Mrs. Frank L. Anderson, assisted by Mrs. Howard Burdine and Mrs. Edna Barrett.

Following the initiation ritual, the business meeting was held and a check was presented to the Chapter for Scholarship from the National Board. Subject for discussion was the possible beginning of a circulating library of books on Art and Music, among members, and in cooperation with the public. Further plans were made for the Christmas Party and for a Carol Sing in December.

Members present for the initiation were: Mrs. Howard Burdine, Mrs. Luther Jones, Mrs. Ray Whitlock, Mrs. Mabel Lott, Mrs. Edward Kamm, Mrs. Edna Barrett, Miss Laurene Anderson, Mrs. Frank L. Anderson, Mrs. Ruth Kirchman, Mrs. Lilian Masonic, Mrs. Pauline Boydston, Mrs. Marie King, and Mrs. Harold R. Lott.

Chapter Plans Project For Mental Hospital

At the November meeting of the Xi Beta Gamma Chapter, under the direction of its Extension Officer, Mrs. Eddie Jones, bestowed the Order of the Rose degree on two of its members, Mrs. Rosa Nash and Mrs. Frank C. Anderson. This degree is bestowed on the 15th year of membership of a member. The entire chapter took part in the formal ceremony. Mrs. C. T. Towler, mother of Mrs. Earl Lindros, was a guest at the meeting.

During the business meeting, which followed the ritual, plans were made to send two gift certificates to the Mental Hospital Project for Christmas. Plans were formulated for the annual Christmas Party, in coordination with Beta Xi Chapter, on December 18th, at the Country Club. The President, Mrs. Thomas P. Baker, presided at the business meeting.

Mrs. Wm. Burke and Mrs. Chas. Burkett presented an informative program on outlining and the use of words. Mrs. Burkett illustrated her subject with prepared charts, which were most effective, while Mrs. Burke used a letter of Abraham Lincoln, written over 100 years ago, but which was applicable today.

In keeping with the theme of the month, the hostesses, Mrs. E. F. McAllister and Mrs. Rosa Nash served mince-meat horns of plenty, with coffee.

Attitude Examination On Homemaking At B. G. H. S. Tuesday, December 1st

A program which has attracted a total enrollment of more than three and a half million girls during the past decade will send girls in high school here taking a knowledge and attitude examination on homemaking Tuesday, December 1. They are among a half million girls in more than 14,000 of the nation's high schools who are participating in the 1963 Betty Crocker Search for the American Homemaker of Tomorrow.

At stake are awards ranging from attractive pin to \$10,000 in scholarships. Two programs is the only national scholarship competition exclusively for high school senior girls.

The local winner will be the girl who scores highest in the 50-minute test. She will receive an award pin and her paper will be eligible for state competition. The highest ranking Homemaker of Tomorrow in each state then will receive a \$1,000 scholarship. Her school will be presented a set of Encyclopedia Britannica by Encyclopedia Britannica, Inc. Each state runner-up will receive a \$500 scholarship.

General Mills, Inc., launched the Betty Crocker Search in the 1944-45 school year to emphasize the importance of homemaking as a career. More than a million dollars in scholarships has been awarded. The examination each year is prepared by Chicago, which also is in charge of scoring papers and judging.

Belle Glade High School is among the schools enrolled in the 1964-65 Search program where the test will be given Tuesday.

Loans To PB Jr. College Students
Palm Beach Junior College students who need financial aid may borrow an amount up to the full amount of their tuition and fees according to Leon Warner, head counselor at the junior college.

The decision to participate in the nationwide loan program was reached at a recent meeting of the College Executive Committee. The highest ranking Homemaker of Tomorrow in each state then will receive a \$1,000 scholarship. Her school will be presented a set of Encyclopedia Britannica by Encyclopedia Britannica, Inc. Each state runner-up will receive a \$500 scholarship.

Loans provided by the state need not be started until after completion of his college work.

Mr. and Mrs. H. Beeks and Miss Linda Kay Rockwell will spend Thanksgiving day with Mrs. Beek's son-in-law and daughter, Mr. and Mrs. O'Neal Sautter and family in Tampa.

Don't Kill A Deer — With Your Auto!

An automobile is not a legal method of taking deer; however, during the 1964-65 hunting season more than 100 vehicle accidents involving deer will occur in Florida. In addition to the sure damage to the vehicle, and usually the death of the deer, there is always the possibility of injury to the occupants of the vehicle.

Hunting season is the most dangerous time of the year for vehicle-deer collisions. Fewer deer in early summer are now roaming more as they become less dependent upon the doe. Food conditions are changing

and deer will be traveling longer distances from bedding to feeding areas. Late season is a time for mating, and the mating bucks are on the move.

Motorists are urged to use extreme caution during the coming months, particularly from dusk to dawn. Slow down! Be alert! If you see one deer, there is a good possibility that others are nearby. Reduce your speed, use your horn, blink your lights. The deer you may not be the one you harvest during the deer season, but it just may be the one that saves you hundreds of dollars in vehicle repairs.

Hunting Trip Turns Into Helicopter Ride

Rains interfered with a hunting party for four Glades youths Sunday and caused their families plenty of concern when the boys failed to return home Sunday night.

Woody O'Neal, Don Young, Chuck LaFayette and Don Conway left South Bay early Sunday morning on a deer hunting trip in the Everglades. A flooding rain overtook them out "in the middle of some 40,000 acres" and the boys took shelter under the trees. Later, they found the starter on their swamp buggy was broken and they were without transportation. Meanwhile, when the boys failed to return long after the expected time, Lester Conway, father of Don, and Burnham Woodham went searching for them, but to no avail.

They then hired a helicopter early Monday morning, and after hours of searching, located the boys, picked them up and brought them safely home . . . but no deer.

Monitoring Pesticides

A pesticide monitoring system to make regular, detailed scientific residue studies has been set up by the U. S. Department of Agriculture.

The purpose, according to Florida Agricultural Extension Service entomologists, is to determine if any significant environmental hazards are resulting from normal agricultural use of pesticides. Findings will help with research and regulatory programs.

USDA scientific teams will take samples of soil, sluff, runoff, water, insects, wildlife, crops other plant life, and fish in the check areas. The work will be coordinated with other Federal agencies. State Departments of Agriculture are cooperating.

Prospects Good For Hunters

Good reproduction of our game animals, coupled with successful game management programs and ideal habitat conditions, in this region, offer hunters an optimistic outlook this season for bagging more than a half-dozen species of game including deer, wild hog, quail, turkey, dove and rabbits, according to the Florida Game and Fresh Water Fish Commission.

During the general hunting season, which extends from now through January 3, sportsmen will be taking to the swamps and woodlands comprising much of the state's 35,560 square miles of territory. In the Everglades Region, four wildlife management areas and three adjacent areas provide 1,135,000 acres of hunting and fishing grounds in addition to other lands open to public use.

Located within the region are: Okeechobee Wildlife Management Area, Okeechobee County; Corbett Area, Palm Beach County; Everglades Area, Palm Beach, Broward and Dade Counties; and Aerojet Area, Dade County. Adjacent area: Devil's

Garden Area, Hendry County; Fisheating Creek, Glades County; and Avon Park Area, Highlands and Polk counties.

Deer and wild hogs will be legal game every day during the general season. (Hogs are only game animals in specified management areas and in Palm Beach and Alachua counties. Limit is one per day, two per season.) Turkeys are legal every day through Jan. 28. Spring gobbler season will be from Mar. 15-28. Quail and squirrel are legal every day through Feb. 28. Rabbits are legal year-around and hunters are encouraged to harvest them with no bag limit being imposed.

A special archery hunt for hogs in Fisheating Creek will be allowed on Jan. 16-17, 23-24, and 30-31.

Season on waterfowl — ducks, geese and coot — will be from Nov. 25 through Jan. 3. The three phase dove season will continue from now through Nov. 29, and again Dec. 19 through Jan. 4. This year, south of State Road 50, duck hunters will be allowed to have four Florida

ducks in their total bag of four. Snipe and woodcock season, from now through Jan. 2.

Camping is permitted in some management areas, as well as the use of leashed or slow running dogs. Regulations concerning legal game, camping and legal firearms are available at each management area, or from the regional office of the Game and Fresh Water Fish Commission in West Palm Beach.

Have you priced a tiger lately?

Take the GTO, for instance. The greatest tiger of them all. Even real tigers cover when this baby speaks. It loads 335 horses under that hood. Plus bucket seats, Carpeting, Real walnut dash. And like that. Yet it sells for less than a lot of pussycats with imitation stripes. And of course the GTO's optional 360-hp engine puts it so far out in front of the pack that it gets kind of lonesome. Then there's the Le Mans. Same kind of pizzazz. Same kind of crackle. Only with slightly smaller teeth. But don't worry. It can still handle the pussycats. If you haven't priced a tiger lately, you'd better. Now.

GO - RAMS - GO

Everybody LIKES to win!
Real enthusiasts of sports accept the little end of scores when their players display real training and real effort.

The youngsters Rams of '64 have had REAL training, and they have been "in there fighting" many times when they were hopelessly outscored, with but a few short minutes remaining in the game.

Losing a majority of a team through graduation is a blow to any coach, and the Rams of this year will bring to the team of '65 benefits of teaching, hard work and experience.

It behooves Belle Glade's Ram fans to stampede into Paho-kee's stadium with a "Whoopie — GO RAMS GO," win, lose or draw.

The Rams will be in there fighting — doing their best.

SELF - HELP

Belle Glade merchants are busy, on a plan to provide up-town parking in the vicinity of their stores on Avenue A, with their own contributions towards paving and maintenance.

The advent of large sugarcane plantations and milk construction has pointed to Belle Glade as the largest urban community around Lake Okechobee.

All growing cities have taken action to overcome the tendency to outlying shopping centers and to save the retail communities in the up-town area.

Belle Glade's Merchants Division of the Chamber of Commerce certainly have the thanks and encouragement of their customers, to provide parking near shopping.

Self-help usually stimulates the recipient to renewed interest and effort in behalf of whatever project dominates his time.

We compliment the merchants on their diagnosis of an ailment of all retail centers — we hope for you full benefits of a well executed practical solution for the cancerous disease before it reaches a "terminal" stage.

GRASSROOTS OPINION

ABLENE, KAN., REFLECTOR-CHRONICLE: "A new dispatch says the government has brought monopoly charges against the bubble gum manufacturers. They are accused of cornering the market on pictures of baseball stars to put in bubble gum wrappers. One's first reaction to this is that if our people in government don't have more to do than fret about bubble gum wrappers we have too many people in government."

PEKIN, IND., BANNER-GAZETTE: "Just a few years ago the boys and girls walked a mile or so across town to school. Yes, yes, I know that things are 'better' now, but just how is it better for children who are sadly lacking in physical development to ride in cars every day of the way, have a car to not roll around in at noon and evening, risk highway tragedies, risk unchaperoned rides?"

DAINGERFIELD, TEXAS, NEWS: "Simple logic should teach us that any dollars which go to Washington will at least have to pay their way back and therefore not get home as strong as they left."

GILLESPIE, ILL., NEWS: "The history of the United States was written upon 'Extremism' from the Boston Tea Party, down through World War II. These extremists were frantically patriotic. They gave their lives to keep Old Glory flying, proclaiming that this nation would kneel to no foreign power. These men were never called Extremists, they were patriots, and history books were filled with their deeds that kept us free, respected and proud."

AZTEC, N. M., INDEPENDENT-REVIEW: "It is to be hoped that no one ever requests an opinion on the Ten Commandments from the U. S. Supreme Court."

CLOSE TO THE WELFARE STATE

U. S. News & World Report has published a chart that every taxpayer should study. It shows the incredible growth of federal subsidies to the states and local governments.

In 1954 this spending totaled \$2.7 billion. The figure for the current year is \$10.2 billion. Next year, according to official estimates, it will reach \$10.6 billion.

A very large part of this goes for a lengthy list of aid and welfare projects, along with such innovations as federally-financed slum clearance and housing developments. And, staggering as the dollar figures are, they can't tell the worst part of the story. That part lies in the steady erosion of state and local rights, obligations and responsibilities. At the rate we're going, it won't be long until nonfederal governments will be little more than meaningless names.

We are closer to a Welfare State than the majority of people realize. Unless the trend is checked somehow, the ultimate effect will be disastrous.

NOTICE: A reminder to those who may have forgotten: The U. S. Public Health Service DID publish a report called **SMOKING AND HEALTH**, and your Library DOES have a copy of it. Ask for it at the desk.

The Library also has a copy of the **REPORT OF THE WARREN COMMISSION ON THE ASSASSINATION OF PRESIDENT KENNEDY**.

In a season devoted to taking inventory of our blessings, we must include the opportunity for an education under the American system high on the list. For interested parents, whose children are being schooled under this system, some suggested titles:

A Parent's Guide To The New Mathematics. Sharp.

A clear, informative explanation of the mysteries of the "new" mathematics, written for folksy's Dad and Mom.

To My Son, The Teen-age Driver. Felsen.

A long-time adviser to high school students writes a straight forward word of advice to the junior. It would be well for parents to read it, as well.

Education of the Slow-Learning Child. Ingram.

The third edition of a recognized work, presenting programs designed to discover and develop the assets of a wide range of mentally retarded, and slow-learning children.

Thirty-Eight Witnesses. Rosenhal.

A lesson in morality for all ages. "Good People" was a policeman's description of the thirty-eight men and women who served the murder of a 28-year old girl, and made no move to help her. An angry report by a newsman on the apathy that has permitted the worst elements to take over in other countries.

The Education of American Teachers. Conant.

Presented to the library in 1963 as a memorial to Dr. Thomas Bregger by Dr. and Mrs. J. R. Orenstein, devoted to the controversial question of how teachers ought to be educated. It offers some startling answers.

The Blight On The Ivy. Gordon.

A timely report on a crisis in American education, the alarming rise of mental and emotional instability among college students. It suggests basic revisions in our educational system.

The Orient Can Be Most Interesting

Two Belle Glade ladies, Ruth Wedgworth and Edith Freedlund were privileged to make a tour of the Orient this summer, and their report of places visited, things seen and their observations, we believe, are very interesting reading. We offer this report, as we think you will find it, in school, to encourage for the observation on the life of the Orientals and descriptive report.

HONG KONG

Edith Freedlund

We left Taiwan by Cathay Pacific Airways, which was truly a luxury flight. The Oriental Hoteliers served us beverages, snacks, and sandwiches almost continually. We arrived in Hong Kong in time for dinner. Our hotel, The Peninsula, is located at the tip of the Kowloon Peninsula and has a breathtaking view of Hong Kong Harbour and the Island directly opposite. The ornate pillars in the lobby are several stories high. This has been the meeting place of friends for years, and is filled with tables where you see both men and women eating and drinking together all day long. This old hotel has just been refurbished at a cost of ten million Hong Kong dollars. (The American dollar is worth 5.72 Hong Kong dollars). Our room was large and comfortable. It was a clear view of the Island and the Ferry. Besides twin beds, there was a couch, two easy chairs, round table, desk, fresh flowers, bowl of fresh fruit, and the large bathroom had a black marble tub and two washbowls. Beside each bed were ten buttons that did everything but adjust the air conditioner. There is twenty four hour Room Service with a menu that is fabulous, containing such things as Ravioli, Steaks, Lamb Chops, Ham, sliced Turkey and Chicken or Seafood Salad. The next morning we had breakfast in bed, the only time on the trip. It was Sunday, so we walked to the Ferry and went over to the Island of Hong Kong to the English Methodist Church. We managed to make the Taxi driver understand where we wanted to go.

This is the British Crown Colony of Hong Kong which consists of the large Island, 235 small islands, and the New Territories which were leased in 1892 from China for ninety years. People are speculating about what will happen in 1991 when the time is up. Of the three million six hundred thousand population, ninety nine percent is Chinese. Of the 50,000 non-Chinese, 33,000 are British subjects, and there are 2,000 Americans, and an equal number of Portuguese. Fifty percent of the people in Hong Kong are under fifty years of age. The average life span is very short. The birth rate is one of the highest in the world. When we asked our Guide about this, he explained that there is no Social Security, so a man wants to have many children to take care of him in his old age. He has five sons. While the Tourist Guidebooks do not mention schools, we learned that there is no compulsory education, and there is a small fee for attending school, so most of the people have no schooling at all. A new school is opened in Hong Kong every two weeks.

We toured the Island of Hong Kong by motorcoach. Here there are modern office buildings where the steamships, airlines, travel agencies, trading firms etc., all have their offices. There are many fine shops, night clubs and restaurants. We went up the Peak Tramway 1,395 ft. above sea level. This was built in 1883 and has never had a single accident. Each car carries seventy two passengers, which is pulled by steel cables. While one car ascends, the other descends. On this hill are found the homes of Hong Kong's leaders. There are many expensive new apartment houses also. The Island is eleven by eight miles, and in many places the mountains go down to the ocean. The Cemeteries are all on the side hills, and our Guide told us it was "too expensive to die." We had our lunch on the porch of Repulse Bay Hotel overlooking the bay where we could see numerous islands. The huge reservoirs were one fifth full, a queer sight to see these almost empty red clay cavities.

Returning to Victoria, we passed the lovely beaches for miles. We saw the home of William Holden, and the site of the movie, "Love is a Many Splendored Thing." This is where the wealthy people come in the summertime. Since the island is so small, it takes only a few minutes to drive around to the other side. That evening we had a Chinese Dinner at the Hotel Miramar. The menu consisted of Fried Shrimp, Crab Meat and Mushrooms, Barbecued Chicken, Roast Peking Duck, White Watermelon Soup, Red Garopua, Sweet Walnuts in Milk. We were next to the stage where the Floor Show went on continually while we ate. I had never seen such flowing colorful costumes, and the men danced with swords which looked dangerous to me. For once in life I enjoyed the show more than the food. One of the singers sang, "Pennies from Heaven" and pronounced it "Pennies from HAVEN." In most hotels and restaurants, there was music most of the time. When an orchestra did not play, we were entertained with records dating back to the twenties and thirties. "Bye Bye Blackbird" seemed to be a very popular song.

Lack Of Water In Midst Of Abundance Reverses Water Resources Objectives

Along in '47 when "The Crying Cow" made her debut in Washington on the desks of Senators and Congressmen as well as in the front page of Washington newspapers, the problem of South Florida was FLOOD waters.

The complete reversal of flood prevention objectives are prominent throughout Florida—North, South, East and West. The South Water Resources District covering 14 counties, and known as the Four-Rivers project, joins Central & South Florida District in cooperative plans to conserve and properly distribute a year-round fresh water supply.

ent throughout Florida—North, South, East and West. The South Water Resources District covering 14 counties, and known as the Four-Rivers project, joins Central & South Florida District in cooperative plans to conserve and properly distribute a year-round fresh water supply.

Now, comes the Everglades National Park, interested in securing downstream privileges of the Lake Okechobee and Kissimmee River Valley water shed.

The lower east coast of Florida has annual critical lack of fresh water, and where are they looking? LAKE OKECHOBEE.

Army Engineers, through the cooperation of the Everglades National Park and the Department of Interior, have started a survey of the park's vast sub-tropical wonderland south of Miami as a part of a comprehensive survey program for the south Florida region to determine ways of improving the park's water problems.

Since the demand for water is increasing by leaps and bounds through urban, industrial and agricultural usage, the Corps of Engineers was directed by Congress to study the vast Central and Southern Florida Flood Control Project and the Everglades National Park to determine the present and projected water needs of each. Both areas depend in large measure upon the waters of Lake Okechobee for their source of supply. However, under the flood control project the waters that formerly overflowed the ill-defined banks of Lake Okechobee and spread southward into the Everglades are now being harnessed and diverted to other uses. This diversion has made the officials of the National Park fearful of the future of the tropical wilderness which annually attracts thousands of visitors who come to see the rare exotic plant and animal life which has made the park world famous.

The purpose of the Army Engineers study, which is expected to take about three years to complete, is to determine ways to account for all sources of water which supply the park, to determine ways to reduce the regulatory discharge of water into the sea when there is an overabundance of water during the "rainy season," to seek means of augmenting the storage capacity for waters, and to evaluate the socio-economic needs of the park, the farming and urban water users, and the municipal water supply needs in order to make best use of the existing water supply.

At a recent meeting held at the Everglades National Park, representatives of the Army Engineers and the Park Service discussed problems associated with the conduct of field surveys by the Engineers within the park. In an effort to reduce the chance of possible damage to the park's tropical undergrowth both agencies agreed to jointly conduct the field reconnaissance phase of the field survey by boat and helicopter. The results of this initial phase coupled with an evaluation of existing survey data would provide information regarding the need for additional and more comprehensive field investigations.

Cooperating in the study, in addition to the Park Service and the Corps of Engineers, are the State of Florida and the Flood Control District which operate the 18-county Central and Southern Florida Flood Control Project. All facts of the study will be coordinated with all federal and state agencies involved in any phase of the work, including the Game and Fresh Water Fish Commission, before the report is submitted to Congress.

Although the Park Service jealously guards the wilderness's natural beauty, the park officials are cooperating with the Corps of Engineers in making this report to Congress in hopes that more water can be provided as needed and all agencies and individuals can benefit. By this means a solution may be approached whereby the natural beauties of the Everglades Park can be preserved and human requirements can be met.

Jr. High Elects Student Council Officers

The Student Council officers for the Junior High School were elected last week. June Harris is president; Terry Lee, vice-president; Jackie Baughman, secretary; Margy Chapman, treasurer.

The Student Council was formed to deal with the problems of the Junior High which is no longer affiliated with the high school Student Council.

The Junior High has been in process of electing these officers for the past few days. Two elections were held; the first on November 5, and the second on November 10.

The Humanities

As the word "humanities" implies, our subject is one where, in the intelligent human being, there is an appreciation and evaluating look at himself, as he makes a record of his conclusions, his hopes, his fears, or of any other feeling. A broad term, humanities includes such subjects as art, literature, drama, philosophy, history, even architecture. The end-point of the study of these, both knowledge and appreciation, will bring understanding of the approach.

For Your Information

When washing blue jeans, pull the seams (inside and out) very hard before hanging them on the line. Pin the back of the pants with three clothespins on one line, pin the front of the pants on the next line, and they rarely need to be pressed.

Give Thanks Every Day

In the autumn of 1921, Governor Bradford of the Plymouth Colony issued a proclamation for the first Thanksgiving Day. Other Thanksgiving feasts were held at intervals in the years following, but in 1941 a joint resolution of Congress provided that the fourth Thursday of November in each year should be the day known as Thanksgiving day, and it is hereby made a legal public holiday for all intents and purposes.

Book of the Week - PT 109 By Robert J. Donovan

A full account of Kennedy's service in the PTA, from his first year in the PTA in the Pacific and his heroic efforts to get his crew rescued after their boat was shot up by the Japanese. Told in great detail... from private interviews given by the author by the President and from interviews with surviving members of the crew.

MISSILES AND ROCKETS

A new weekly magazine of space systems engineering. It contains exciting features such as: The Countdown - brief reports on the space industry and international level. The Astrolog - current status of U. S. missile and space programs. Many more exciting features.

Bookworm of the Week

Winkle Williams, a well-read freshman who has developed a lively vocabulary from reading.

Motto of the Week

Reading is more than a school assignment. It is for life.

PINON TALKS ON C. Y. O. TO SENIOR CIVITAN CLUB

George Pinon, President of the Junior Civitan Club, spoke to the Cuban Youth Organization and the Senior Civitan Club in Cuba in exile. He is the Belle Glade delegate to the Student Revolutionary Directorate. His talk was featured in the Organization paper called the TRINCHIERA.

Young Memorial Trophy

The Bill Young Memorial Trophy was initiated by Mr. Bill Young who passed away before the plan were finalized and it was decided to dedicate the trophy as a tribute to his efforts. It's object is to promote good relationship and sportsmanship between the schools and the communities.

Hassie Heartbreak

Dear Hassie: I am not very smart and have to cheat in order to pass. Last week one of my fellow classmates told me if she ever saw me cheating again she would report it to the teacher. Do you think this little 'brownie' is being fair? Everybody else does it! I cheat! I cheat! I cheat!

One Vote Against Long Hair

Have you seen them? Have you seen them? It's those creatures who have the LONG HAIR. The Pretty Things! Things are getting more and more ridiculous each day as the new English groups emerge one by one. The newest is the Pretty Things. Those groups wouldn't be so bad if they would learn the definition of "barber."

Over The Back Fence

The girls who scream and faint at the sight of a man in these groups think that the long hair is so cute. However, if they saw all the American boys going to such drastic measures to get attention, they would rebel against it. After all, can you imagine running your hand through your date's hair and it eight inches long?

Study Hints

Six weeks tests were last week and from the way they looked it seems like more students at B. G. H. S. need to do some more studying. Here are some hints that should help everyone.

Three Sponsors

Three charming seniors girls from Belle Glade High School were escorted onto the football field by the film captains as the 1964 seniors.

Build Vocabulary

Write down words that are unfamiliar to you. Look up the meaning and learn these words. THEME WRITING - If you are given the opportunity to select your own subject, choose a theme, select one which is 1. Of interest to you; 2. Specific enough to be covered adequately in the time and space allotted; 3. broad enough to give you something worth writing about; 4. Important enough to you to be worth the time you spend on it.

Concentrating

Never start writing without an outline. Find relations between new materials and old interests. Read widely about the subjects you are taking. The more you know about anything the more interesting it becomes.

Reading Skills

Read faster than is comfortable - don't lag along. Do not regress - keep reading ahead in every sentence even when you come across a new word. 3. Read selectively. In effect, you should really read the nouns, pronouns, and verbs, but merely see the rest of the words in a sentence.

COLLEGE DAY HELD AT BGHS

Registrars, assistant registrars and admissions directors were welcomed to College Day held here November 18. Approximately ninety seniors from Belle Glade and Pahokee High School participated in this program in which 10 colleges and Universities were represented.

Buy Your Fruit Cake

The Junior Civitan Club has been granted permission by the Junior Civitan Club of Belle Glade, to help sell Claxton fruit cake. This sale is an annual project of the Civitan Club. Proceeds from the Junior Civitan sale are to be used for general service projects to be undertaken by the club.

Weekly Thoughts

American youngsters tend to live as if adolescence were a last fling at life, rather than a preparation for it. Time Follow impulse, and you may well be sorry. But ignore it, and you may find you are two rare moments when individuality is possible.

Around Campus

Claxton fruit cake is baked in the Deep South, right in the heart of Dixie, and it may be bought from any civitan member - Junior or Senior Club - for only a dollar per pound.

Coast Guard Academy Apps. Deadline Dec. 5

Eligible young men are reminded that December 5, 1964, is the deadline for submitting applications to compete for appointment as Cadet, United States Coast Guard.

The 89th annual competition for admission to the U. S. Coast Guard Academy at New London, Connecticut will commence with the December 5, 1964, administration of the College Entrance Examination Board Tests. Appointments are made solely on a competitive basis, with no Congressional appointments or geographical quotas.

An applicant must be an unmarried high school senior or graduate who has reached his 17th but not his 22nd birthday by July 1, 1965. Applicant must be high school graduate who have earned 15 units by June 30, 1965, including the following units: Three in English two in Algebra, and one in Plane Geometry. Applicants must be in excellent physical condition between 64 and 78 inches in height, with proportionate weight, and have at least 30-30 vision in each eye, correctable to 20-20.

Qualified young men are urged to enter this competition for appointment as Cadets in the Nation's oldest continuous service. Those appointed will receive a four year course of training and education leading to a Bachelor of Science degree and a commission as a career officer in the U. S. Coast Guard.

Additional information and application forms can be obtained from high school guidance counselors or by writing to the Commandant (FTP-2) U. S. Coast Guard, Washington, D. C. 20226.

WP Beach Firm Uses Palm Beach County Liquid Sugar

At ceremonies receiving the first shipment of liquid sugar ever to come to Palm Beach County are left to right, Frank Frazier, Jr., Secretary-Treasurer of the Palm Beach Bottling Works receiving the shipment; James Crosby who delivered the shipment from the Everglades Refinery Company of Clewiston; W. H. Hitt, President of the Palm Beach Bottling Works, and Tom Sherwood representing the Greater West Palm Beach Chamber of Commerce and the Industrial Committee of 100. Back row left to right, representatives of the Savannah Sugar Refining Company, John W. Owens, Douglas Owens and Richard Roundtree.

A new major industrial link between the Glades and the east coast of Palm Beach County was forged Thursday with acceptance by the Palm Beach Bottling Works of the first liquid sugar ever received in this county.

The historic shipment—4300 gallons—went into two giant 5,000 gallon capacity tanks built especially by the local concern at its plant headquarters, 925 N. Railroad Ave., West Palm Beach. Savannah Sugar Refining Company which has made Dixie

Crystals world famous in the sugar field, spent six million dollars to establish the Everglades Refinery, at Clewiston, to make possible liquid sugar, and set up Thursday's industrial tie-in of east and west Palm Beach County.

Duncan L. Owens, representing the parent organization out of Savannah, Ga., at Thursday's ceremonies said, "liquid sugar represents the ultimate in sugar purity as it is never exposed to the elements, and is untouched by human hands from the refinery to the user."

W. H. Hitt, former mayor of West Palm Beach, one-time chairman of the Central and South Florida Flood Control board, is President of the 44-year old West Palm Beach Bottling Works, one of the area's oldest, continuous operated businesses. Frazier is a former President of the local chamber and long time civic leader.

Hitt acknowledged that Pepsi-Cola here is the largest user of sugar in the county and declared "just as quickly as liquid sugar became available, we wanted to utilize it. It enables the maximum in product control and we consider it well worth the considerable additional cost involved in our mak-

ing possible the highest possible quality product."

Angie Curlee Is Honored On Eighth Birthday

Angie Curlee, daughter of Mr. and Mrs. Garrie Curlee, was entertained with a wicker roast in honor of her eighth birthday at her home on Saturday, November 21.

The guests enjoyed many games, including dough ball, and an hilarious game in which a mechanical "time bomb" is thrown from person to person, finally "exploding" in someone's hands, with the last person left being the winner.

Refreshments of hotdogs, cake, potato chips, and ice-cream cupcakes were served to Rhonda and Judy Davidson, Benny Parrish, Debbie Strong, Sandy Sellers, Jimmy and Wayne Raulerson, Jimmy Penney, Jo Ann Smith, Carol, Donna, and Jonnie Kunkel, Sammie Manning, Patty Hill, Frankie and Angie Sheridan, and Lisa Curlee.

Scout Troop 601 Camps On Kraemer

The Boy Scouts from Troop 601, Belle Glade, enjoyed pleasant weather while camping out on Kraemer Island this past weekend. Even the mosquitoes cooperated, by their absence in making this a fine outing.

The purpose of the campout was to prepare for the Six-O-Rama Camporee, Glades District, which is to be held on December 11, 12, and 13, at Arrietta Ranch.

Considerable time was spent washing tables and seats together for use at the coming Camporee. Also, the boys practiced for the events to be held there.

The Saturday night "Cracker Barrel" campfire were the highlights of the evening.

Sunday morning, the church service was conducted by Scoutmaster White.

Scouts attending the outing were as follows: Charles Ruff, Brian Moore, Charles Close, Steven Close, Doug Wall, Scott Berryhill, Steve Berryhill, Ricky Roth, Stephen Pale, Paul White, Terry Miller, Dickey Snow and Robert Matthews.

Adults accompanying the Troop were: Scoutmaster, Fred White; Assistant Scoutmaster, Kenny Letz; and Co-Committee-men, Chuck Haines, Dick Spruemaker and Ray Ruff.

Girl Scout Troop 133 Will Hold Nut Sale December 5

The name Juliette Gordon Low holds a place of high regard to all Scout Leaders, Girl Scouts, as well as all others interested in Scouting. The following is a brief summary of the important work begun by this great lady.

Juliette Gordon Low was the founder of Girl Scouting. She was born in Savannah, Georgia, and lived there through the most important years of her life.

She spent some time in Scotland, and while there, Lord Baden Powell interested her in Girl Guiding. After working with this idea in Scotland and England, she brought it back to Savannah, as well as all parts of the United States, where she worked with it for many years before her death. She was buried in Savannah, and it is there that many memorials to her can be found.

Cadet Troop 133, composed of 19 members, is trying to raise money to visit Savannah in the fall of 1965. This will

be an expensive trip and the girls need support from the citizens of the town. This troop has many fund-raising projects scheduled, the first of which is a nut sale. This sale will be held Saturday, December 5, with all members out selling an assortment of nuts.

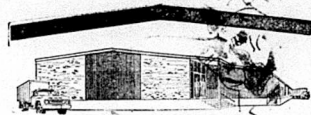

Mrs. Hayes, troop leader, urges the cooperation of the townspeople during the sale of nuts for this worthwhile project.

Rites Held Monday For George Infant

Funeral services for Tommy Ray George, infant son of Mr. and Mrs. Tommy E. George of 248 Quarry Trail, Park, Belle Glade, was held Monday at the Everglades Mausoleum Chapel, with interment following. Rev. W. R. Boland, pastor of the Community Methodist Church conducted the service. The infant lived only three hours, following birth on Monday. Survivors are the parents, Williams Funeral Home had charge of arrangements.

A DAY TO REMEMBER

Sunday, November 22, 1964, marked one year since John Fitzgerald Kennedy was assassinated. His life, ended by the crack of an assassin's rifle, shattered an open automobile in Dallas, Texas. President Kennedy was mortally wounded in the head by gunfire and died a few minutes later in a Dallas hospital.

As the whole world deplored the loss of President Kennedy, Vice President Lyndon B. Johnson almost immediately took the Presidential Oath of office and became the thirty-sixth president of the United States.

Millions of people here and abroad watched John F. Kennedy's funeral on television and saw him placed to rest in Arlington National Cemetery.

Although the late President John F. Kennedy eternally rests, his words and thoughts are still in use. This is one renowned statement he made while president of the United States: "Ask not what your country can do for you, but ask what you can do for your country."

President John F. Kennedy was a man that was for all people. He had a great interest in education for young people. He believed that everyone should have an education, but what one believes is not the force that keeps one living. He had to die as well as we have to die. Let us remember him as a beloved president and a great humanitarian.

Thanksgiving Day—A Reality

The days pass and the year brings us to another time for feasting and most important of all, thinking God for the many blessings He has bestowed upon us.

Many people today don't realize the meaning of Thanksgiving. But if we stop here and give some thought to the word, we would arrive at a time of reverence to God, a time of rejoicing, a time of peace for all men.

Thanksgiving is a time to pause and realize the many hardships we have faced, the many trials of freedom for mankind which have striven for, and the many problems for peace we have facing us.

Thanksgiving is celebrated throughout the world. It was first held to celebrate the completion of harvest. The first American Thanksgiving Day was observed by the Plymouth Colony on November 26, 1621. At this time there was peace, feasting, conversation and games which lasted three days.

If we take this great event for deep consideration, we will better understand the real meaning of Thanksgiving, and should conclude that giving thanks ought to be a part of our daily living.

Lost We Forget . . . In Remembrance Of J. F. Kennedy

By Vernell Green

A year has passed since President Kennedy died. If we had thought our pain at his loss would have lessened with time we were greatly mistaken. Our grief may be duller than it was, but it is deeper; it goes to our permanent emotions.

Each of us is left with his own memories of President Kennedy. They may be of him as a president or as a person at the top of the social ladder. Moreover, I am inclined to remember him as a person very dear to me.

I, like many people, never met President Kennedy, but I did not have to meet him to know that he was a person who stood for righteousness. Mr. Kennedy seemed to beckon to everyone and envelop them with his warmth and friendliness.

Man is inclined to carry on, to forget. We carried on life after Kennedy's death, but there is a flash of recollection. When we hear the name or see an old photograph or anything that reminds us of this man so dear to our hearts, we are released from the convention of "business as usual" and wander mentally into the freedom of admitted grief. Then we ask ourselves if it is, is it really true?

President Kennedy was not only respected and loved at home, but abroad also. The whole world grieved upon hearing of his death. Such sorrowing is not easy to explain, but

A year has passed since that dreadful day: We're giving our remembrance. For no one's here to stay. It hurts so very badly. To think of what we're lost—A man of all men, a man of such a precious cost. We dread not his death so much. But how he had to go—Without a word, without a farewell.

How could one be so low? But let us not fret; Neither must we cry; For John Fitzgerald Kennedy Was well prepared to die. His aims we're still pursuing. His morale is still the best; His life has left a great pattern That will outlast all the rest. Sleep on Mr. Kennedy; Your work we shall always remember. We'll never forget that dreadful day.

The 22nd of November. I think it stems from the fact that he was an excellent political leader; he did what he could for his country. More important, however, is the fact that he fulfilled the dream of every good human being, that is to live together peacefully.

Of course the fact that Kennedy was murdered is responsible for some of the intensity of our response; there was the combined element of shock and grief. The actual terror lay, of course, in the entire gratuitousness of the killing and what it implies—a lack of control over human circumstances. An important public figure, the Chief Justice of the United States, rode through the streets of his country, and a madman killed him.

Because there is no one on whom we can directly vent our rage at Kennedy's death, our fury stays within us. No one can forget how close he was to the

Organization Notes

An Impressive Ceremony for New Homemakers

Sunday, November 15, 1964, the New Homemakers of America of the Lake Shore High School Chapter held their annual Installation services and Emblem Ceremony. Linda Joyce Williams presided over this program.

These are a few of the things we as officers and members will strive to do as leaders of tomorrow:

1. Make frequent self-evaluations.
2. Become better citizens.
3. Prepare for the future.
4. Focus on better family relationships.
5. Strengthen education for future roles.

Annette Williams conducted the Emblem Ceremony. Persons participating in the Emblem Ceremony were Pearlene Davis,

Shirley Walker, Elizabeth Stewart, Betty Marshall, Wanda Worley, Jane Heron Williams. Following the Emblem Ceremony, Mr. Charles M. McCurdy, principal, expressed his sincere thanks to the N. H. A. officers, members and advisors. Mrs. Inez Mack and Miss Synthia Hest, for carrying out such a wonderful program.

After the services, refreshments were served in the Home Economics Department.

Chorus Performs

On November 12, 1964, the

Lake Shore High School Chorus performed at the annual "Come-and-See-Night," held in the gymnasium.

The chorus was under the direction of Mr. Jimmy Crews. The selection given was a spiritual entitled "Walk Down Streets of Glory."

The performance was very well received by the public.

Student Council

On November 12, 1963, the Lake Shore High School Student Council executed a marvelous Installation Ceremony.

The ceremony consisted of induction of officers and members along with organization and homeroom presidents and members-at-large.

After his induction, the president gave a brief talk asking the students to work together. The council wishes to thank Mr. Charles Mack, the sponsor, for a job well done.

Junior Dramatics Club

Keeping with our weekly theme, "Education Pays Dividend," the Junior Dramatics Club gave a short skit, during the assembly program, showing how education pays dividends.

Miss K. Snead, the sponsor, had the members to bring out pointers on how a person would lose his dividends if he should drop out of school.

Band Program

The Lake Shore High Band started the "Come-and-See-Night" program off by bringing before the audience a wonderful selection.

The performance was executed under the direction of Mr. Jackson, the band director.

Student Of The Week

Even though "Education Week" has passed we still recognize "Honor Students" and try to encourage them to continue the good work. This week the title goes to a senior at L. S. H.

He is a native of Warwick, Georgia; the son of Mr. and Mrs. Hasten Kearse, and was born on December 11, 1946.

He has been chosen president of the D. C. T. Club and has a part-time job at Kwik Chek. Even though he is working most of the time, he still finds time to maintain a "B" average.

The title of "Student of the Week" goes to

CHESTER LEE KEARSE

Through this project, we hope to encourage more and more students to employ more time to their studies.

BOBCATS LOSE SECOND GAME

The Lake Shore "Bobcats" on Saturday night, November 14, 1964, lost to the Kennedy Vikings 27-12.

The scoring began with a nine yard run on the starting kick-off by a Viking half back. There were two other scores tallied during the first half, by the Bobcats. These two scores were registered by fullback, James Freeman, and right guard, Luther Glaze.

During the last half, the Vikings tallied four other touchdowns, two by their quarterback and one each by set backs.

The last of these four touchdowns, the Vikings' first, was left to play. The scramble for the final score was made by a Viking quarterback.

Although "Bobcats" lost, we shouldn't overlook the fine playing of James Brown, Willie Benjamin, James Freeman and Lee Luther Glaze.

The Bobcats will end their season today with a visit from the East Lake Hawks of Palosoke Florida.

From The Associate Editor's Desk—THE VOICE OF THE PEOPLE

Before the "Election of '64," I heard many stentorian voices asking, "For whom are you voting?" As you can imagine a question of that kind brought many answers and different opinions. I heard one person remark, "I'm voting for the best man." Just whom he thought was the best man was a question beyond my intellectual reasoning, but the whole United States knew who the best man was.

The election that was held November 3, was an election that was partially different from all the others. As I passed from class to class November 3, I observed a large number of voters that were passing to and from the polls to cast their votes for the candidate of their choice.

From my reading and former discussions in history class, this has been the largest number of voters in the history of our country.

Then, I asked myself, "What does it really mean by this large number of people casting their votes? After a moment of hesitation, I realized that the results, I analyzed too from the election, were that more people are trying to improve their standards, and the standards their country in order to help build a better America.

The past election showed that more people are becoming interested in world affairs. They are not waiting for others to decide for them, they are beginning to decide for themselves.

Sometimes I still feel as if the election left many people doubtful and still wondering. My fellow schoolmates, especially the seniors, when the

next election occurs most of you will have met that qualification that is required to vote. I wonder, will you be interested enough about the improvements and standards of your country to vote and to help elect a leader that will lead forward instead of backward?

During the "Election of '64" I

heard many people giving their opinions as to which candidate they wanted and why. Some remarks were just, and others seemed as if they were unjust, but one thing that I can assure you is that the man they have chosen was just. What do you think about him?

Why We Celebrate Thanksgiving

By Myrtle Foster

As we all know, Thanksgiving Day is always celebrated in the United States on the fourth Thursday in November. This day was set aside to give thanks to the Lord for the many blessings he has bestowed upon us during the year.

The celebration of this day started in the autumn of the year 1621 in the Plymouth Colony.

After the Pilgrims had gathered their first crop, Governor Bradford and the Pilgrim Fathers

decided to have a day of Thanksgiving. During this time, the feast was held under pine trees and on wooden tables because the homes weren't large enough for it. This lasted for three days.

Another feast was celebrated after the drought in 1633. After the Revolutionary War, the custom spread to the Middle States and the west.

During the time when Washington was President, he issued a general proclamation for a day of thanks on November 26, 1796.

Since then, all of the presidents have been giving recognition to this day. In 1863, Lincoln issued a proclamation that this day be observed.

In 1941 Congress passed a resolution making Thanksgiving Day a public holiday. The states have adopted the date of November 26, as a legal holiday.

Be sure and give thanks to God, today, for the many blessings He has bestowed upon you.

50,000 Descendants Of African Slaves

Live In Surinam

Ferdinand LeGrand, Sugar-cane Agronomist at the Everglades Experiment Station, told Rotarians Friday that descendants of former slaves from Africa numbering some 50,000 live in the wilds of Surinam (Dutch Guiana) tropical country, with the same mannerisms and methods of living of their forefathers in Africa.

"Bos Negers" or Bush Negroes, as they are called by the Dutch, are controlled by two "Captains" who receive the munificent sum of \$25 annually as salary.

The principal occupation of the 80,000 people of the country, when they work are employed by the Alcoa Aluminum Company.

There are approximately 400 whites among the 80,000 with the Hindu and Moslem religions predominating with all except the Bos Negers.

All activity, other than the activities of living on the land, is around the coast.

Mr. LeGrand told of the only railroad which has 75 miles of track and on which signs warn passengers not to delay the train by picking flowers on the two-day trip.
